The major effort of the Trade Controls Branch during July was directed to support of the Paris COCOM discussions and of the CG in Washington. This support included a briefing of the AD/RR, the assignment of relative economic defense priorities to 72 "disagreed items" and 70 items on the "pending list", and the review of proposed changes in the International Atomic Energy List as well as review of 20 redefinitions and/or control proposals which developed in COCOM.

S/TD also drafted the annual report of EDIC and provided support on 4 port security cases and for several exceptions cases.

In addition the Services Division submitted one CSM, wrote one CIWR Part II and 15 Digest Items and fulfilled a large number of miscellaneous information requests.
